OFFICIAL DOCUMENT OF THE FARMINGTON HIGH SCHOOL BUILDING COMMITTEE

Dear Neighbor:

Starting in mid-July, construction activities for the new Farmington High School adjacent to your property will start. This will be an active site over the next few years. Our priority is to minimize interference in your daily lives. We understand that safety, security, and noise abatement are primary concerns for the neighborhood. There will be traffic pattern and parking lot changes on site that will not directly affect you. However, if you have children attending the high school, a separate document will be sent about those changes. Our goal is to keep our community, students, and staff safe while this important project proceeds.

O&G's construction representatives are available for you to contact anytime with questions you may have. Please visit our website, listed above, for the latest news and information about the project.

We look forward to seeing you at the official groundbreaking ceremony in early October.

Thank you for your patience and understanding.
